Attorney Docket Number: **GTC-219**

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

STATEMENT OF SUBSTANCE OF INTERVIEW

In response to the Interview Summary mailed February 23, 2005, I hereby submit the following statement summarizing the substance of the telephone interview held on February 10, 2005.

Participating were: Byron V. Olsen and Examiner Valerie E. Bertoglio.

Summary of Substance: Interview was in reference to the Revocation and New Power of Attorney document submitted to the US Patent and Trademark Office by Byron Olsen on behalf of GTC Biotherapeutics, Inc. ("GTC") on January 26, 2005. The submission by GTC was inadvertently filed in connection with GTC's ongoing efforts associated with Patent Application Information Retrieval set up. The revocation of power of attorney of the previous attorney of record at Clark & Elbing should not have occurred and the previous attorney of record at Clark & Elbing should continue to receive all communications sent by the US Patent and Trademark Office with regard to this application. I have contacted the previous attorney of record at Clark & Elbing and it is my understanding that Clark & Elbing will take the necessary steps in ensuring that power of attorney for this application is returned to the previous attorney of record.

Respectfully Submitted,

Date:

3/2/05
